FEDERATION**

INTERIM JUDGMENT

Norges Ake-, Bob- og Skeletonforbund appeals a decision of the International Bobsleigh and Skeleton Federation -- and affirmed by the Executive Committee of IBSF -- excluding Norway from the Men's Skeleton World Cup competition for the 2020-2021 season. The Appeals Tribunal has considered the arguments of the parties, the IBSF Statutes, the International Skeleton Rules, other IBSF rules, and the official race records of IBSF series races. The Appeals Tribunal convened through videoconference in this matter and has determined that further briefing or hearing is unnecessary.

Having reviewed the relevant information, the Appeals Tribunal overrules the appeal by the Norway Federation and affirms the decision of the Executive Committee. The full reasoned opinion of the Appeals Tribunal will follow in due course.

DATED this 7th day of June, 2020.
