

## **DHL Global Event Logistics GmbH signs contract with the International Bobsleigh & Skeleton Federation (IBSF)**

- DHL Global Event Logistics GmbH is logistics partner of IBSF for several years

Bonn, 23.02.2023: DHL Global Event Logistics GmbH has signed a multi-year contract with the International Bobsleigh & Skeleton Federation (IBSF) for the first time. The logistics partnership started with the 2022/2023 winter season and will support several events and competitions such as World Championships over the years. DHL will provide logistics for all sports and marketing equipment.

"We are excited to partner with IBSF, where we both value speed, precision and teamwork. DHL has years of experience in transporting winter sports equipment and looks forward to supporting the athletes at various race tracks around the world," said Patrick Dexheimer, managing director, DHL Global Event Logistics GmbH

The sport of bobsleigh and skeleton looks back on more than 100 years of tradition in winter sports. The pillars of the sport are formed by athleticism, technically demanding equipment as well as the driving skills of the individual athlete. The sports of bobsleigh and skeleton are characterized by dynamism and speed - from a media point of view, innovation as well as consistency and reliability with a global scope are highly appreciated.

IBSF President Ivo Ferriani: " In a world that is moving closer together thanks to progress in transportation, it is precisely the logistical aspects that present us with major challenges. With DHL, we have a global player at our side that is not only one of the leading companies in the logistics business but also understands and knows how to implement the special requirements that sports logistics entails. It feels good to know that we are in good hands."

## About the IBSF

The International Bobsleigh and Skeleton Federation (IBSF) manages the sports of bobsleigh and skeleton as an international organization. The IBSF, originally the Fédération Internationale de Bobsleigh et de Tobogganing (FIBT), was founded in Paris on November 23, 1923 by delegates from Great Britain, France and Switzerland, as well as representatives from Canada and the United States.

The IBSF is recognized by the International Olympic Committee (IOC) and the International Paralympic Committee (IPC). It works closely with these organizations as well as with other international federations regarding all matters related to sport and the Olympic family. The Olympic Charter is recognized and followed by the IBSF and supports the ideal of fair play in sport.
